Risk and reward profile

This indicator represents the annual historical volatility of the Fund over a 5-year period.

Due to a lack of sufficient historical data, the risk indicator incorporates simulated data from a benchmark portfolio. Risk Category 3 reflects limited potential gains and/or losses for the portfolio. This is mainly due to investments in fixed-income securities without geographic constraints.

This current risk profile is based on historical data and may not be a reliable indication of the future risk profile of the Fund.

The risk category shown is not guaranteed and may shift over time.

The lowest category does not mean "risk free".

The Fund does not apply any capital guarantee or asset protection measures.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Concentration risk: To the extent that the Fund's investments are concentrated in a particular country, market, industry or asset class, the Fund may be susceptible to loss due to adverse occurrences affecting that country, market, industry or asset class.

Credit risk and interest rate risk: The Fund invests in bonds, cash or other money market instruments. There is a risk that the issuer may default. The likelihood of this happening will depend on the credit-worthiness of the issuer. The risk of default is usually greatest with bonds that are rated as sub-investment grade. An increase in interest rates may cause the value of fixed-income securities held by the Fund to decline. Bond prices and yields have an inverse relationship, when the price of a bond falls the yield rises.

Risk linked to the holding of contingent convertible bonds (CoCos): Contingent convertible bonds can be automatically convert into shares or be written down if the financial strength of the issuer falls in a certain way. This may result in substantial or total losses of the bond value.

Risk linked to the holding of ABS/MBS securities: The Fund may invest in asset-backed securities ("ABS"), including mortgage-backed securities ("MBS"), which are debt securities based on a pool of assets or collateralised by the cash flows from a specific pool of underlying assets. ABS and MBS assets may be highly illiquid, and therefore prone to substantial price volatility.

Investments into other UCI/UCITS: A Fund which invests in other collective investment schemes will not have an active role in the day-to-day management of the collective investment schemes in which it invests. Moreover, a Fund will generally not have the opportunity to evaluate the specific investments made by any underlying collective investment schemes before they are made. Accordingly, the returns of a Fund will primarily depend on the performance of these unrelated underlying fund managers and could be substantially adversely affected by the unfavourable performance.

Charges

The charges and commissions are used to cover the Fund's operating costs, including marketing and distribution of shares. These charges reduce the potential growth of your investment.

Potential one-off charges taken before or after you invest	
Entry charge	5.00%
Exit charge	3.00%
This is the maximum that might be taken out of your money before it is invested and before the proceeds of your investment are paid out.	
Charges taken from the Fund over a year	
Ongoing charges	1.29%
Charges taken from the Fund under specific conditions	
Performance fee	None

The entry and exit charges shown are maximum rates. In certain cases, the charges paid may be lower.

The indicated ongoing charges are an estimate based on the expected total amount of charges. This figure may vary from year to year. It excludes portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling shares in another collective investment undertaking.

A conversion commission 1% maximum of the net asset value may be charged.

For more information about charges, please refer to the Fund's prospectus, section charges, which is available on www.pharusmanco.lu and on www.gfgfunds.it or at the registered office of the Fund.
